JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 21 July 1964

i. (Internal t	Use Only - PJC) Our proposed technical	amend-
ment to the Federal	Pay Bill was left with Mr. William Culle	idge, V
Staff Director, Senat	e Post Office and Civil Service Committ	ee, for
his consideration.		
2.	Met with Fred Meamer, Staff Dir.	ector,
Senate Subcommittee	on Immigration and Naturalisation, and	discussed
Senate bill number 2	978, which pertains to the naturalisation	of employees
of the Free Europe C	Committee. Mr. Mesmer stated that he	doubts that
the Subcomandities will	ll take any action on this bill before the	end of the
current session, but	that reports on the bill were requested	of the
Department of Justic	e and the Department of State. I advise	d Mr. Mesmer
that the Agency had a	an interest in this bill and that we would	appreciate
his notifying us shoul	ld any action be taken on the bill by the	lubcommillee.
	e and Justice with regard to the timing a	FEG BUDBLENCS
of their responses.		
2 Matagast 1	Use Only - JSW) Talked with Bill Jorda	a in Senator
Sussell's office indic	cating that the Director very much wishe	d to see the
Seestor. I indicated	that from the Director's viewpoint any t	ime tomorrow
afternoon seemed de	sirable. Mr. Jordan said he would chec	k on this and
advise.		25X1
4.	Talked with Mr. Blandford, Hous	
Services Committee	staff, and advised him that	had
been interviewed Fri	iday of last week and Monday of this wee	k and
according to our peop	ple tooks very good and he is now in pro	cens as a
JOT. I cantioned Bi-	andford that, of course, this is merely	he first
step and there will be	e all of the usual processing steps befor	e final
decision.	and the same of th	
Also indicate	d to Blandford that with respect to the qu	sery of

Chairman Vinson concerning reliability of missiles of the Soviets vis-a-vis the U. S. that we and Defense were ready to brief the Chairman at his convenience. Blandford advised later that 8:30 a.m. on Friday would be fine for this and I indicated I would have several briefers along to do this.
